BROADCAST FOR THE WEEKEND

[THE VIRTUAL AS REALITY](#)

ARTFIX

Demonstrating the new field of VR and AR art, this episode will delve into the cutting-edge world of technology and how it has impacted the contemporary art market. Relevant as ever.

Just recently launched, Art Fix is an episode-based, online learning platform, out to demystify the world of contemporary art and make it more accessible through better storytelling. There are 4 episodes for now, but be sure to keep an eye on the next ones.
